

INTRODUCTION TO OUR WINE LIST

We have partnered with award winning merchant Berkmann Wine Cellars to produce a modern wine list full of classic, eclectic and off the beaten track styles, producers and varieties. We offer a large selection of our wines by the glass and we keep them in pristine condition using the Le Verre du Vin preservation system. For slightly more premium wines we use a fantastic gadget called the Coravin – this will allow us to make our premium wines more accessible, giving the opportunity to sample some fine and rare delights.

New to our updated list are some older vintages of the iconic Super Tuscan – Tignanello that we have sourced direct from their cellars. A fine and rare treat from a great producer.

We have some new premium Rose from Chateau Minuty, a leading family owned Provence producer based just above St Tropez - these are also available by Magnum and by the glass.

Berkmann Wines are proud to be the largest family owned and family run importer in the UK, selling wines to restaurants since 1964. The wineries we represent are just like us – progressive, fiercely independent and are of worldwide repute; their wines have character, a true sense of place and are a perfect accompaniment to food. So please sit back and enjoy discovering the fruits of our labour.
